Explore Jupiter

Jupiter is known for its breathtaking natural scenery, golf courses, relaxed tiki bars and for the endless ways to enjoy its most treasured feature: the water.

Cutting through the water by means of boat, kayak and paddleboard or plunging beneath the waves to explore another world are the tenets of Jupiter Beach Resort & Spa's off-site activity repertoire. Perhaps one of its top attractions is Loggerhead Marine Life Center, which is minutes away from the resort. There you can take a tour of the campus and get up close and personal with their turtle patients. The guides discuss sea turtle behavior, morphology, habitats, and conservation efforts.

Another main attraction is the Historic Jupiter Lighthouse, the city's proud Lady of the Inlet with her sweeping tower of red bricks. Visitors can take the tower trip climbing the winding 105 steps in the oldest structure in Palm Beach County.

Other attractions include the Lighthouse Cover Adventure Golf, Manatee Queen Cruise Tour, The Palm Beach International Raceway and this writer's favorite: Blueline Surf & Paddle Co. Located about five minutes from the resort and straight across from Guanabana's Restaurant & Island Bar, Blueline offers paddleboard, surfboard and kayak guided tours, where you can spend a day in the water with your family and friends exploring the beauty and wildlife of the intracoastal waterways. Encompassing nearly 40 miles and multiple rivers, the Jupiter Waterway Trail carves out a natural playground of crystal clear inlets and lush coastal rivers waiting to reveal their many secrets.

Downtown Jupiter has been booming, becoming a must-visit destination on the east coast of Florida. The resort is just minutes away from some of the city's top shopping and cultural experiences, including Worth Avenue and the Palm Beach Gardens Mall. Check out the City's website jupiter.fl.us to learn more.

Experience Golf & Other Outdoor Exercise

Beyond the resort's doors also lies a nationally-renowned golfing mecca: the Abacoa Golf Club, North Palm Beach Country Club, Jupiter Dunes Golf Club, Jonathan's Landing and Jupiter Country Club are some of the top choices.

Fitness junkies will relish in Jupiter's jogging paths, with its surrounding water views, providing a perfect scenic route for outdoor exercise. And, of course, the resort also has a small fitness facility and a heated oceanfront swimming pool for those who want to stay within the resort's boundaries.

If any word could best describe the art of staycation, "unwind" might be perfectly suited. At 17 miles from Palm Beach, Jupiter Beach Resort & Spa is the perfect destination to do just that. The resort's beautiful surroundings, where the green-blue waters are the blend of the cool Atlantic and the warm currents of the Gulf Stream, provide everything you need to get away and stay away from all the static left behind. What replaces that noise is simple comforts that are perfectly realized. And while you can't stop time and stay here forever, what you can take back home with you are remarkable memories, plus a pleasure glow on your face, and a state of peace that's unforgettable. Perhaps a good reason to return? We think so.

Jupiter Beach Resort & Spa is located at 5 N. Hwy A1A, Jupiter, 33477. For specific information about the hotel, visit jupiterbeachresort.com.
